and still preserve the reasons we chose cremation?*

*It's simple...by placing the ashes in one of Rolling Oaks'  
affordable specialty cremation gardens.*

friends to join together and bid farewell.*

*They establish a place of heritage and sanctity for  
the deceased to be remembered by friends, family and  
future generations.*

*Founded in the 1920's, Rolling Oaks Memorial Gardens' uniquely contoured cemetery has become a scenic landmark in south Tulsa.*

*The simplicity and dignity of cremation, environmental concerns, and the flexibility it affords in ceremony planning and final disposition have all added to its increasing popularity. With that comes the need to honor and memorialize the lives of those of us who have chosen cremation.*

*Our Cremation Gardens are traditional in the sense of reverence that comes from a place of rest and comfort yet innovative in the blending of natural elements in uniquely designed gardens for cremation memorials.*

*Dedicated to uniting old and new standards we surpass existing boundaries in cremation services, family gatherings and ash dispositions. Our family assists you through the loss of a loved one or preplanning for you and your family.*
